AIMS OF THE CONFERENCE

Bacterial toxins and toxin-producing bacteria represent in Europe the second leading cause of food poisoning.

This international conference will be an opportunity for comparison among EU Member States about different approaches to prevent, detect and report TO.BA. food poisoning.

For Italian Health Professionals only:

L'evento è accreditato ECM per le figure di Medico Chirurgo, Medico Veterinario, Biologo, Tecnici di Laboratorio Biomedico, Chimici, Tecnici della Prevenzione per un totale di 80 posti.

5 crediti

SCIENTIFIC COMMITTEE:

Lucia Decastelli, IZSPLV
Silvia Gallina, IZSPLV
Fabio Zuccon, IZSPLV
Manila Bianchi, IZSPLV

PROGRAMME

8.30-09.30 Registration of participants

09.30 Opening session

Maria Caramelli, General Director Istituto Zooprofilattico Sperimentale Piemonte, Liguria and Valle d'Aosta (IZSPLV)
Angelo Ferrari, Scientific Director, IZSPLV
Lucia Decastelli, Head of National Reference Laboratory for Coagulase Positive Staphylococci, including *S.aureus*

10.00 Food poisoning in EU - Summary report

Valentina Rizzi, EFSA

10.30 Research and new frontiers in toxins detection in foods

Fabio Zuccon, IZSPLV
Guido Finazzi, IZSLER

11.15 Epidemiology and food safety

Cristiana Maurella, IZSPLV

11.45 Coffee break

12.15 Staphylococcal enterotoxins characterization in different food poisoning outbreaks in EU member states

Yacine NIA, EU-Reference Laboratory for Coagulase Positive Staphylococci, France

12.45 Discussion

13.30 Light Lunch

14.30 *Clostridium botulinum – the bacteria and the neurotoxins*

Mike Peck, Quadram Institute, Norwich, UK

15.00 Evaluation of toxic and genetic diversity of a *Clostridium perfringens* isolated from food poisoning outbreaks in France

Abdelrahim ABAKABIR, Clostridium team, ANSES, France

15.30 *Clostridium difficile*: a new foodborne pathogen?

Patrizia Spigaglia, Istituto Superiore di Sanità

16.00 Towards a better characterization of food borne outbreaks due to *Bacillus cereus* in France.

Sabine HERBIN, Bacillus team, ANSES, France

16.30 *Bacillus cereus*: toxin detection in foods

Mirjana Andjelkovic, Scientific Institute of Public Health, Belgium

17.00 Discussion

17.30 ECM Test
